09:30

Excursion and Cultural Activities
(pick-up from hotel)

Thursday, 14 December 2017

DAY OF DEPARTURE

About the conference

Sicily's importance and its significance as a key Mediterranean crossroads have often been neglected. This three-day interdisciplinary AGYA conference in cooperation with the Università degli Studi di Palermo aims to explore the culture of dialogue and exchange between Europe and the Arab world by looking at the example of Sicily. Sicily has always been a meeting place where civilizations transformed one another and gave life to the cultural developments at the foundation of European modernity.
