

AGYA NEWSLETTER

02/2026

Dear colleagues and friends of AGYA,

We would like to assure our solidarity with all researchers navigating the current difficult circumstances. AGYA remains committed to fostering collaboration across borders and to building a resilient Arab-German research community.

In this spirit, we would like to remind you that the **AGYA Call for Membership 2026** is still open until 23 March 2026. We look forward to receiving applications from early-career scholars (3-10 years post-PhD) affiliated with an Arab or German research institution who wish to join our dynamic Academy, engage in inter- and transdisciplinary collaborations, and explore innovative cross-cultural perspectives.

In this newsletter, you will find information on how to apply for AGYA membership. Moreover, you can discover a selection of AGYA research projects that exemplify the diversity, richness, and innovative spirit of the academy's research activities.

Enjoy the read and spread the word!
