The Adventures of Salma

Salma and the Chemical Dreams

This science comic was developed with support from the Arab-German Young Academy of Sciences and Humanities (AGYA) in the framework of a project between Prof. Dr. Suhair Sunoqrot, Prof. Dr. Franziska Lissel, and Prof. Dr. Laith Al-Shawaf.

AGYA draws on support from the German Federal Ministry of Research, Technology and Space (BMFTR).

With funding from the:

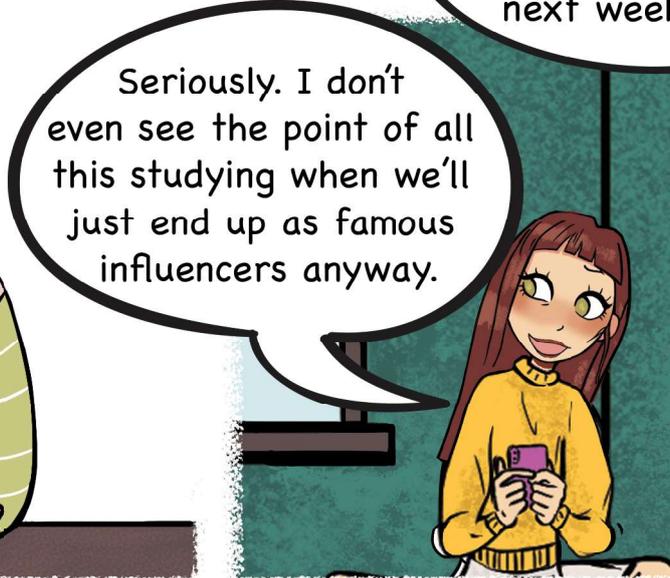

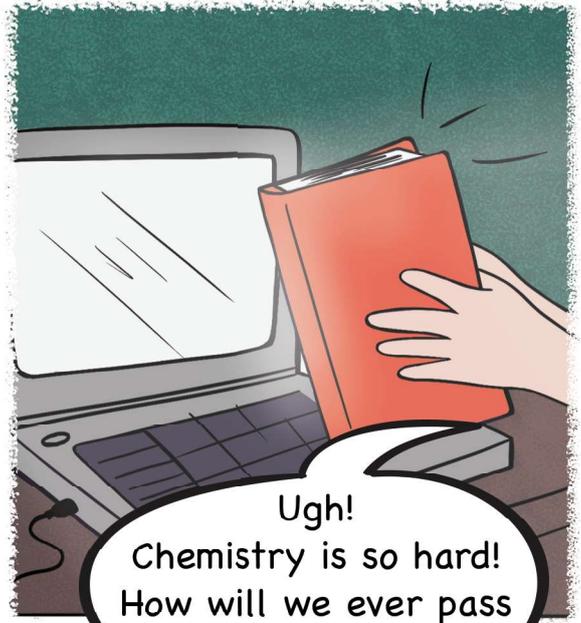

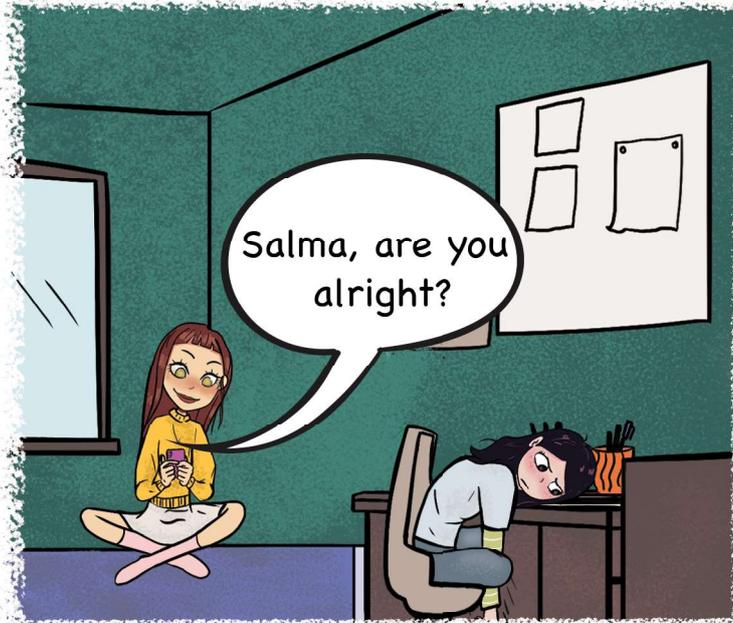

Federal Ministry
of Research, Technology
and Space

"It was a fun weekend for everyone...

except Salma."

**That evening, Salma gave up on chemistry
and went to bed feeling hopeless**

Oh, I wish I could just wake up having already understood everything about chemical bonds!

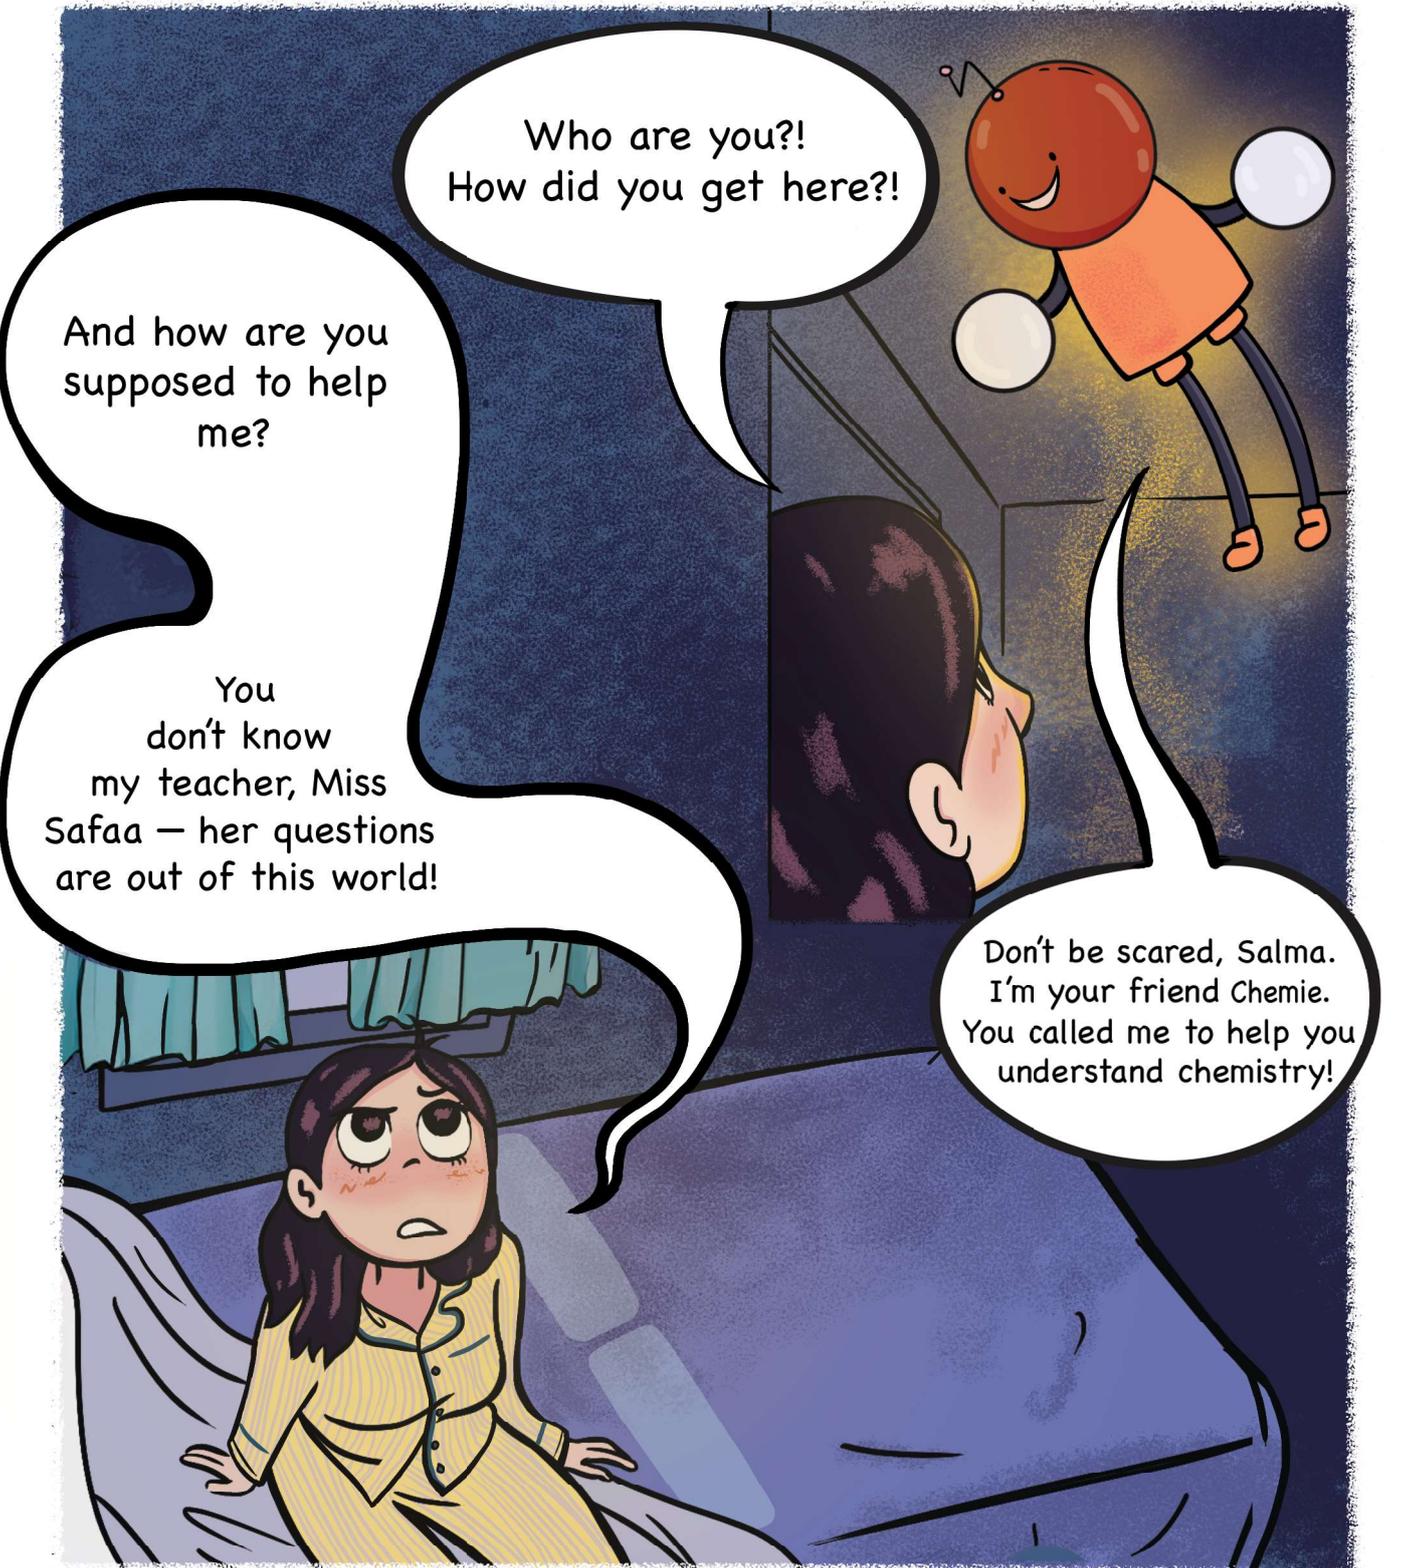

I will only think about chemical bonds.

Chemical bonds... chemical bonds...

Salma is asleep, dreaming about chemistry

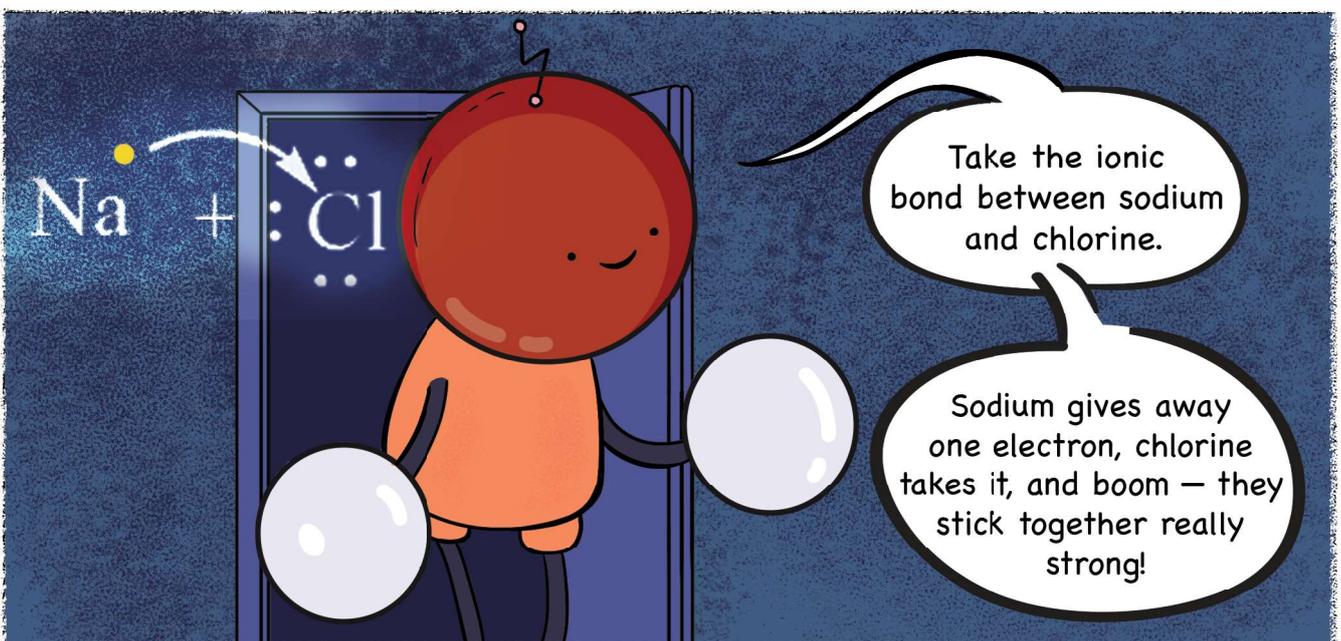

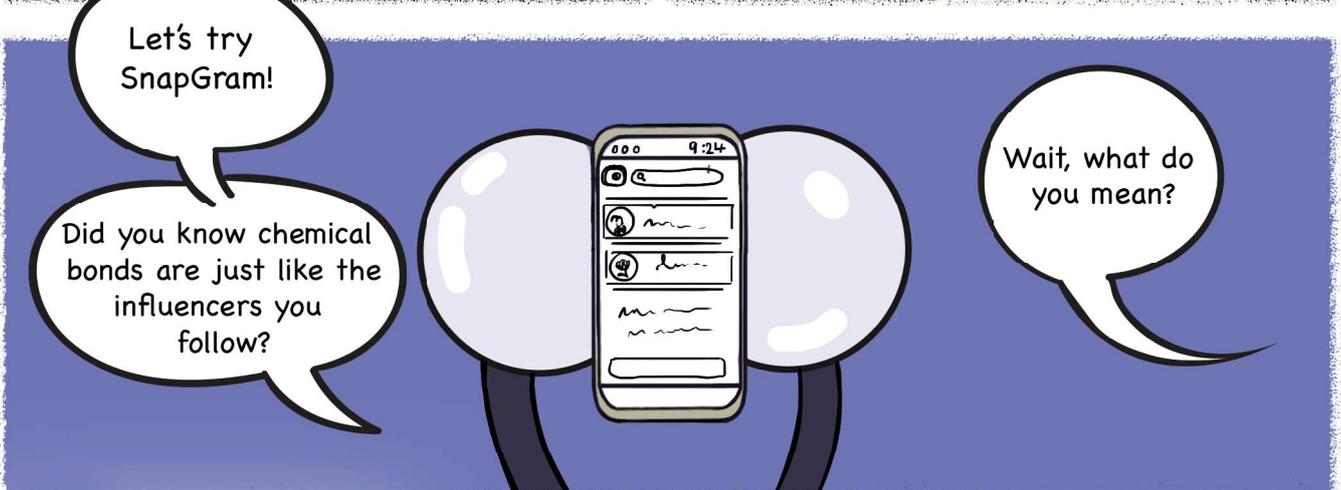

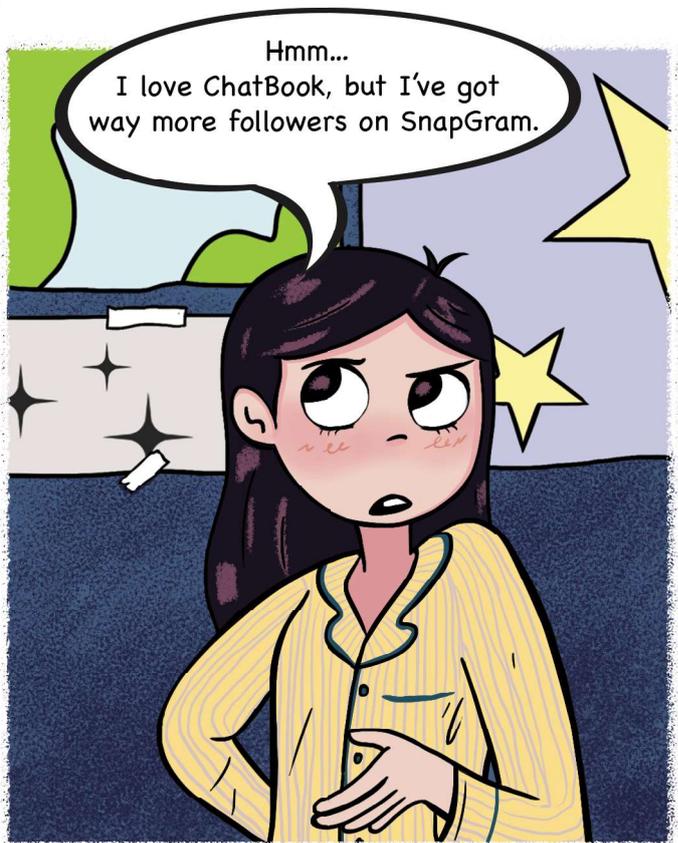

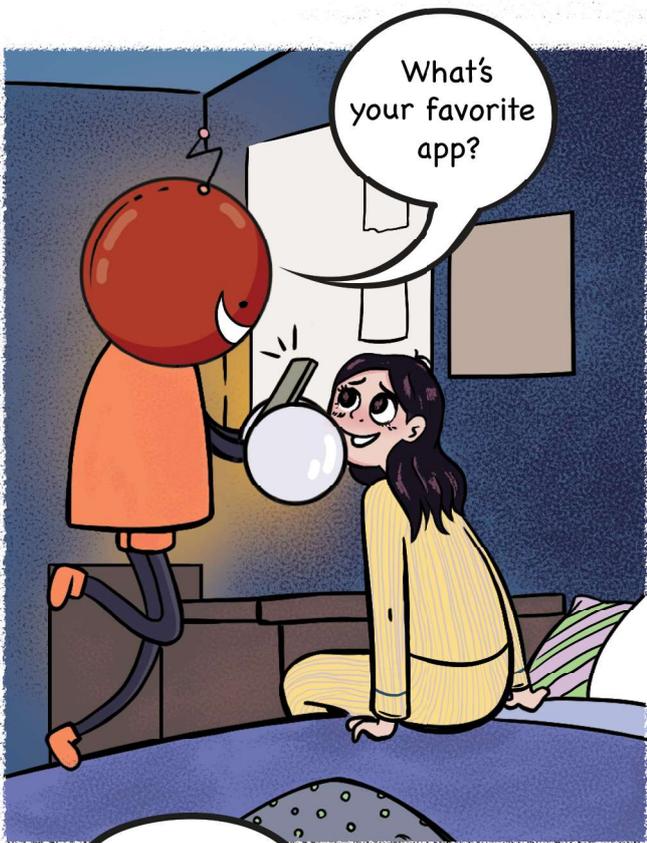

Who are you?!
How did you get here?!

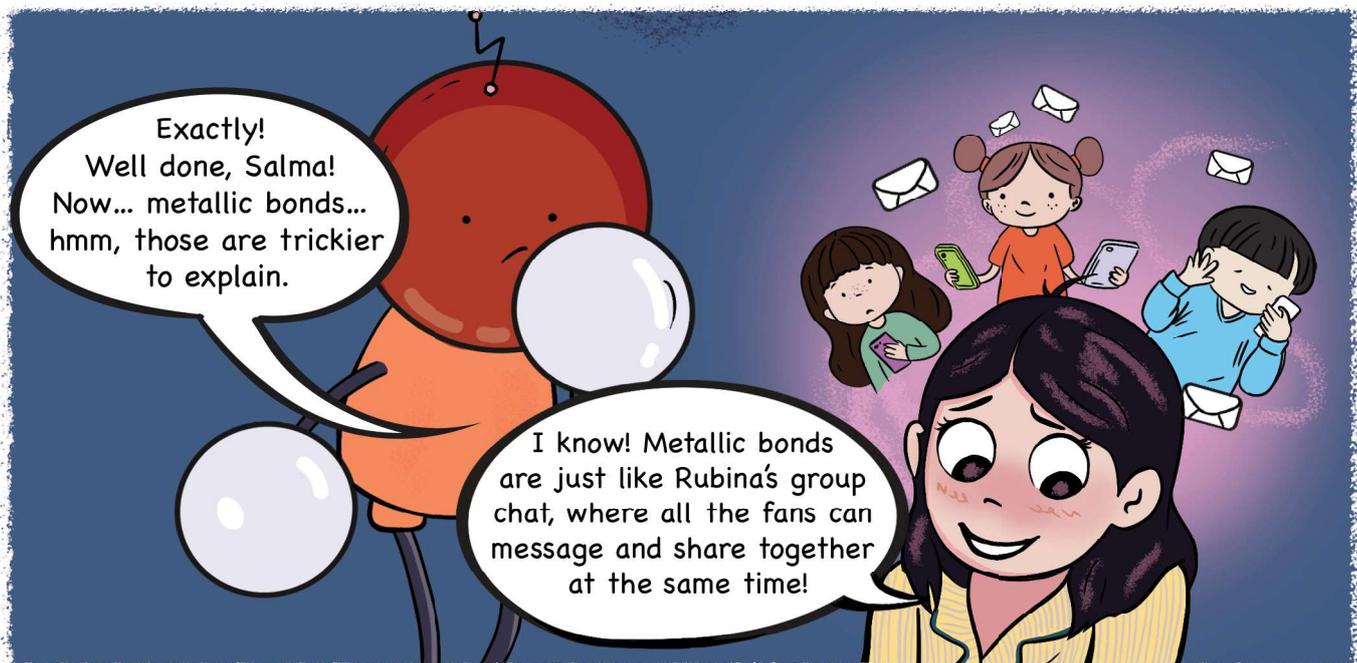

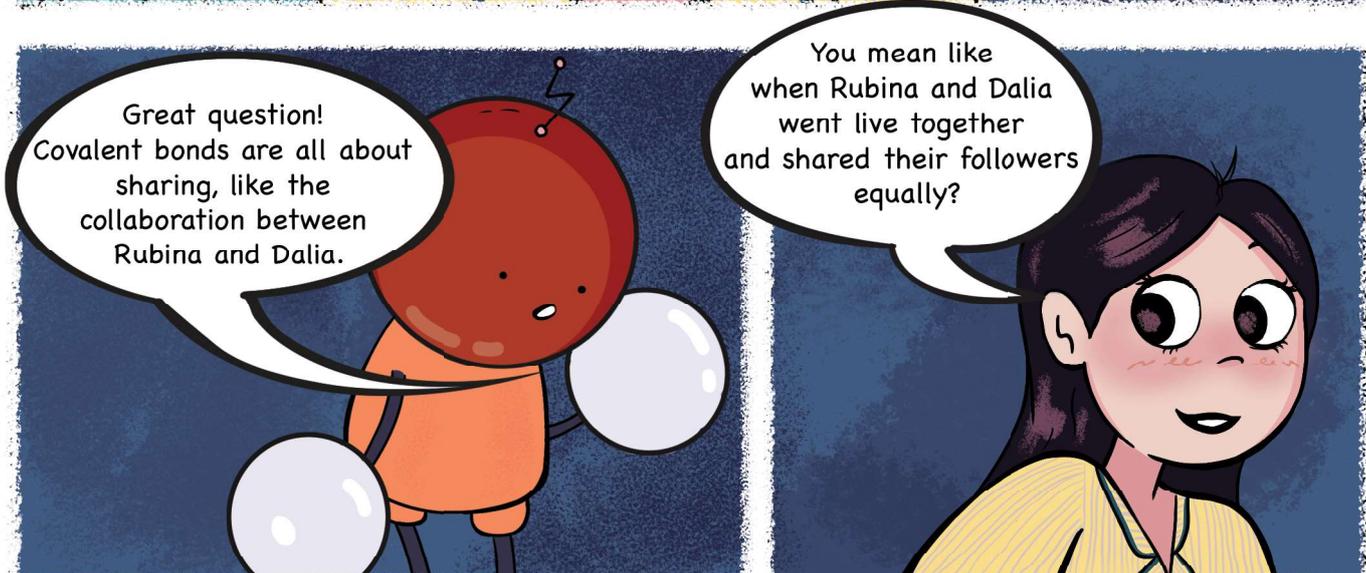

And how are you
supposed to help
me?

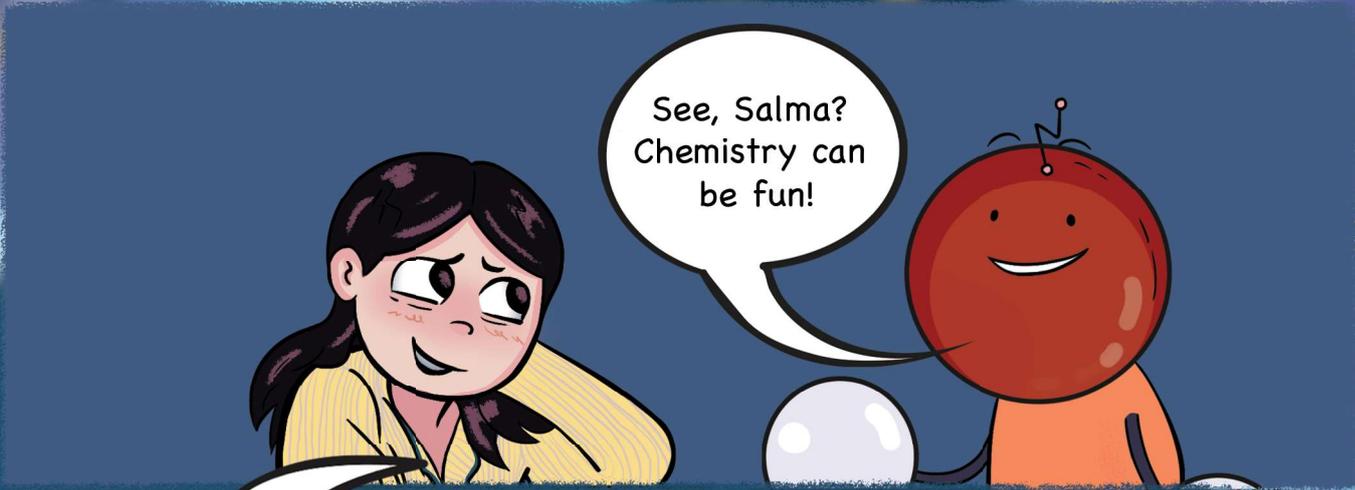

You
don't know
my teacher, Miss
Safaa — her questions
are out of this world!

Don't be scared, Salma.
I'm your friend Chemie.
You called me to help you
understand chemistry!

Relax, Salma.
With me, chemistry
will be easy as pie!
Now, where's your
phone?

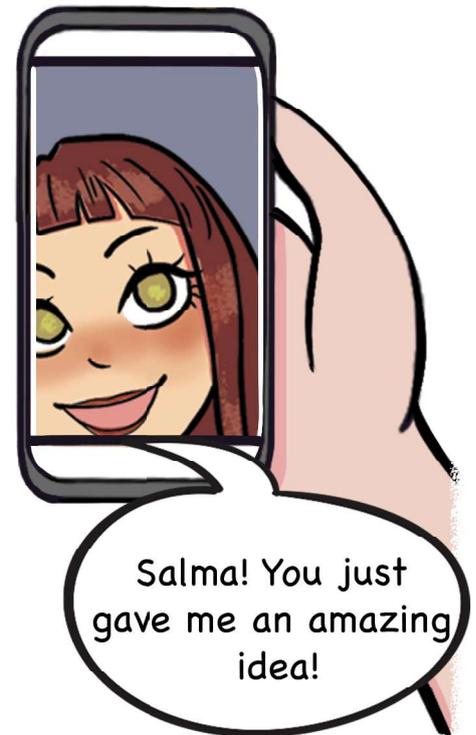

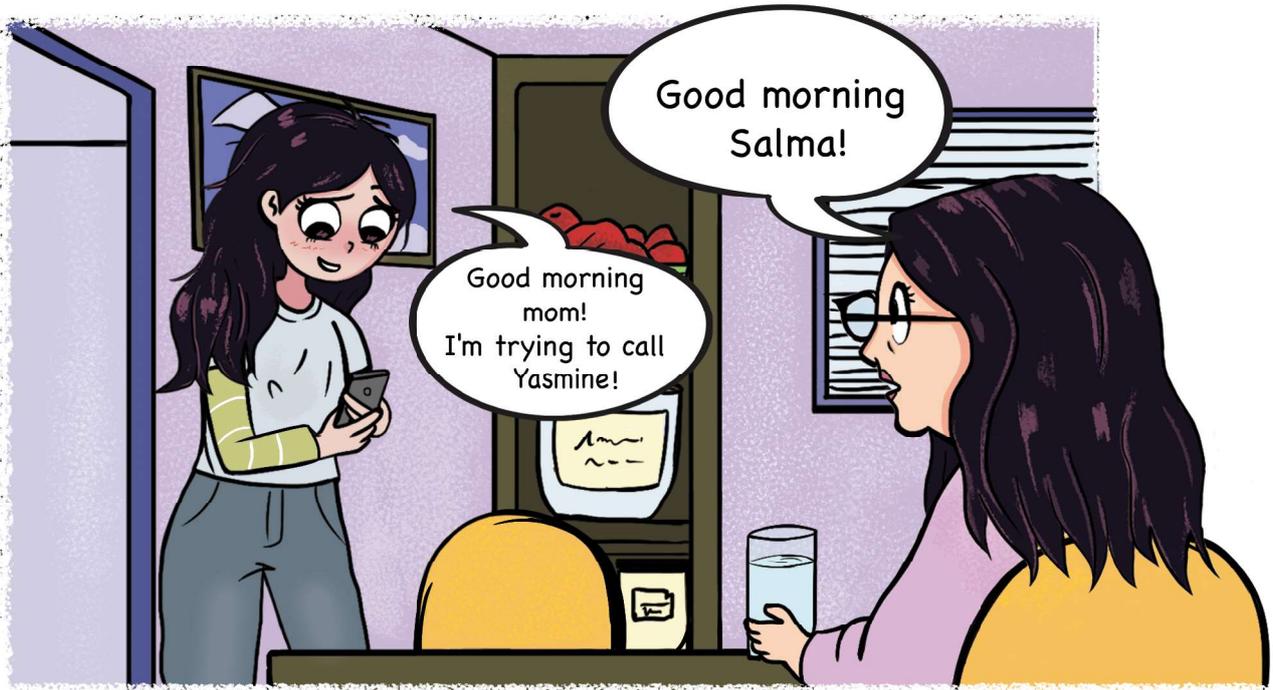

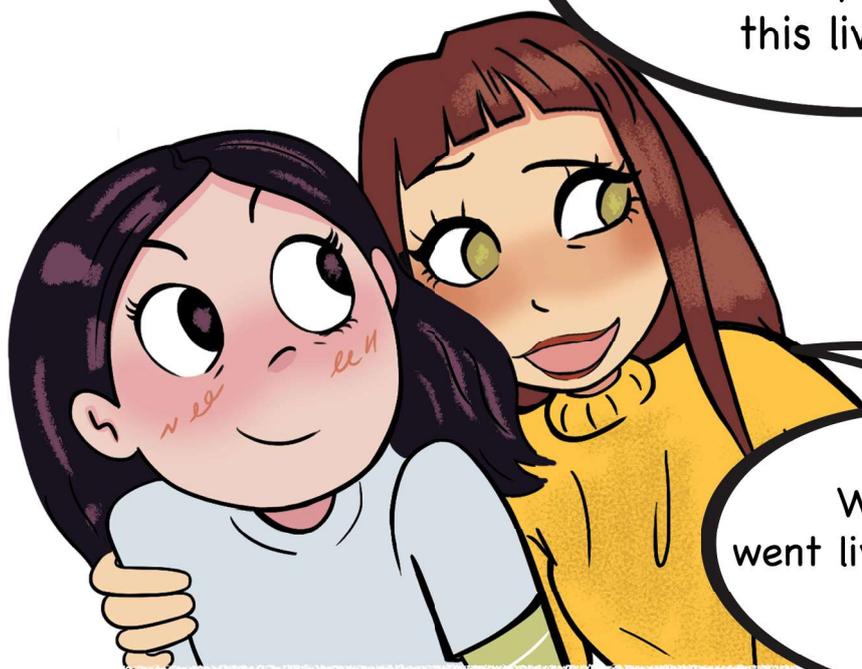

I don't know if it's fun exactly, but it's not as scary as I thought, especially when I think of it in influencer world terms!

The next morning, Salma couldn't wait to tell Yasmine about what happened.

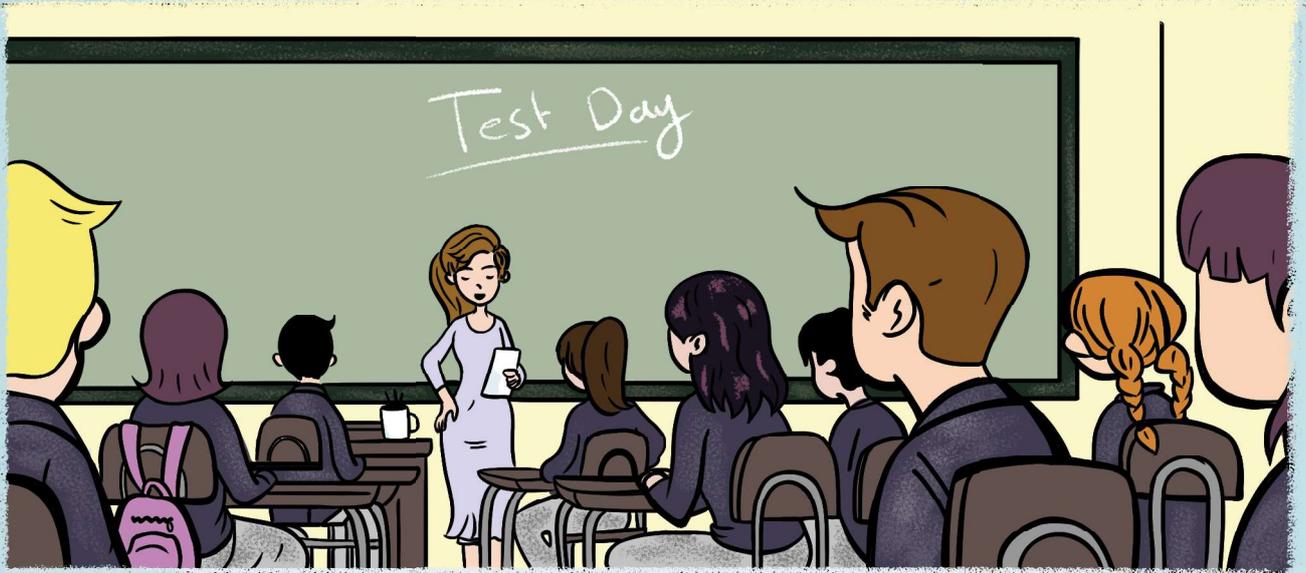

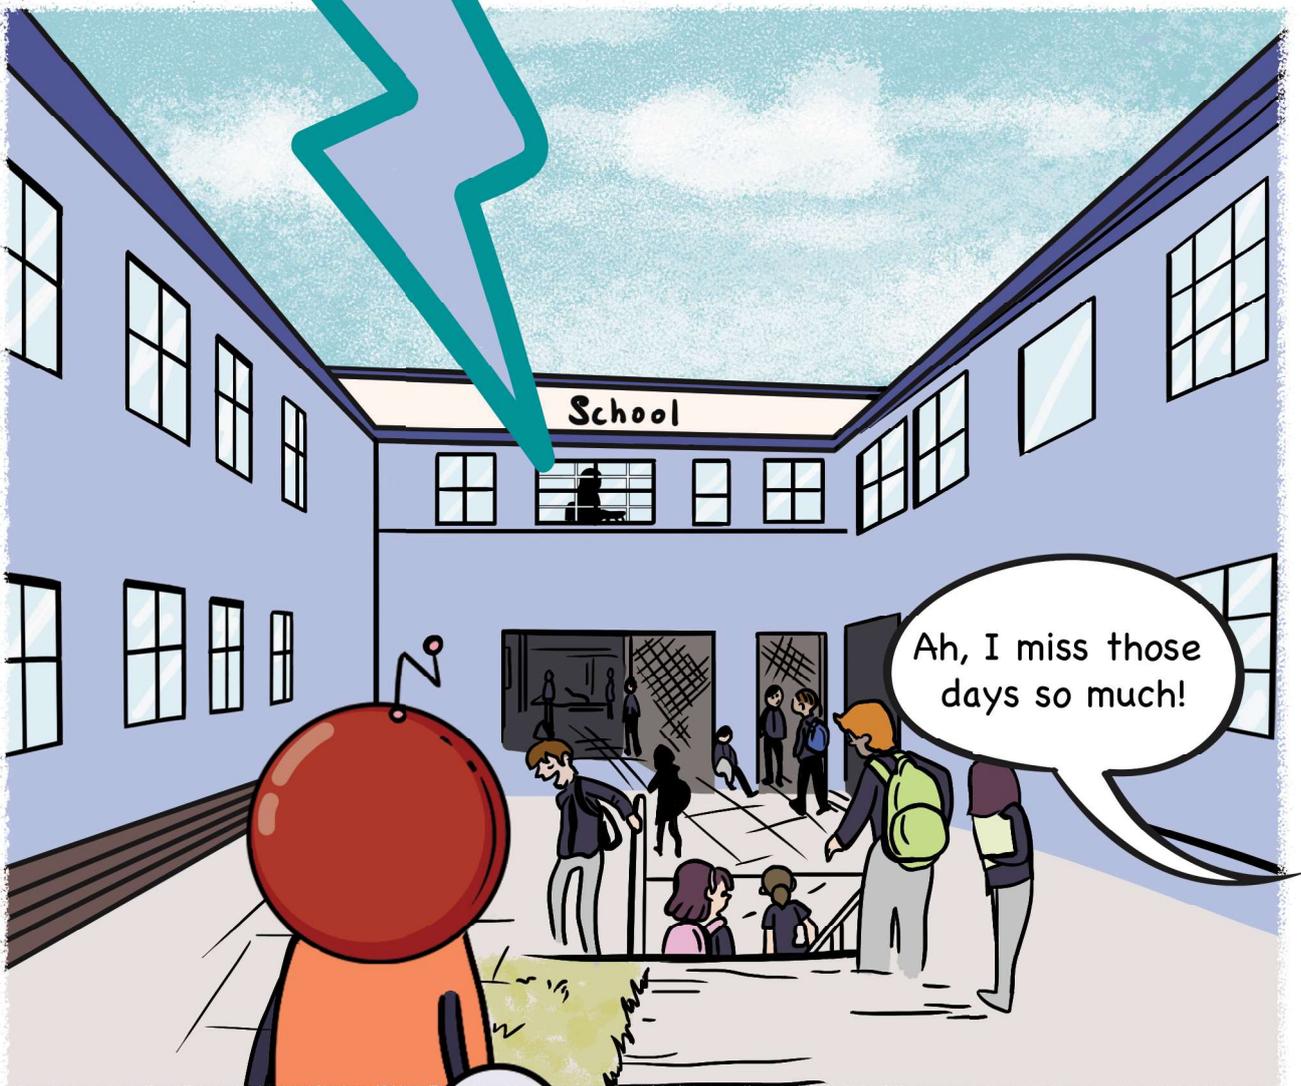

Later that day...

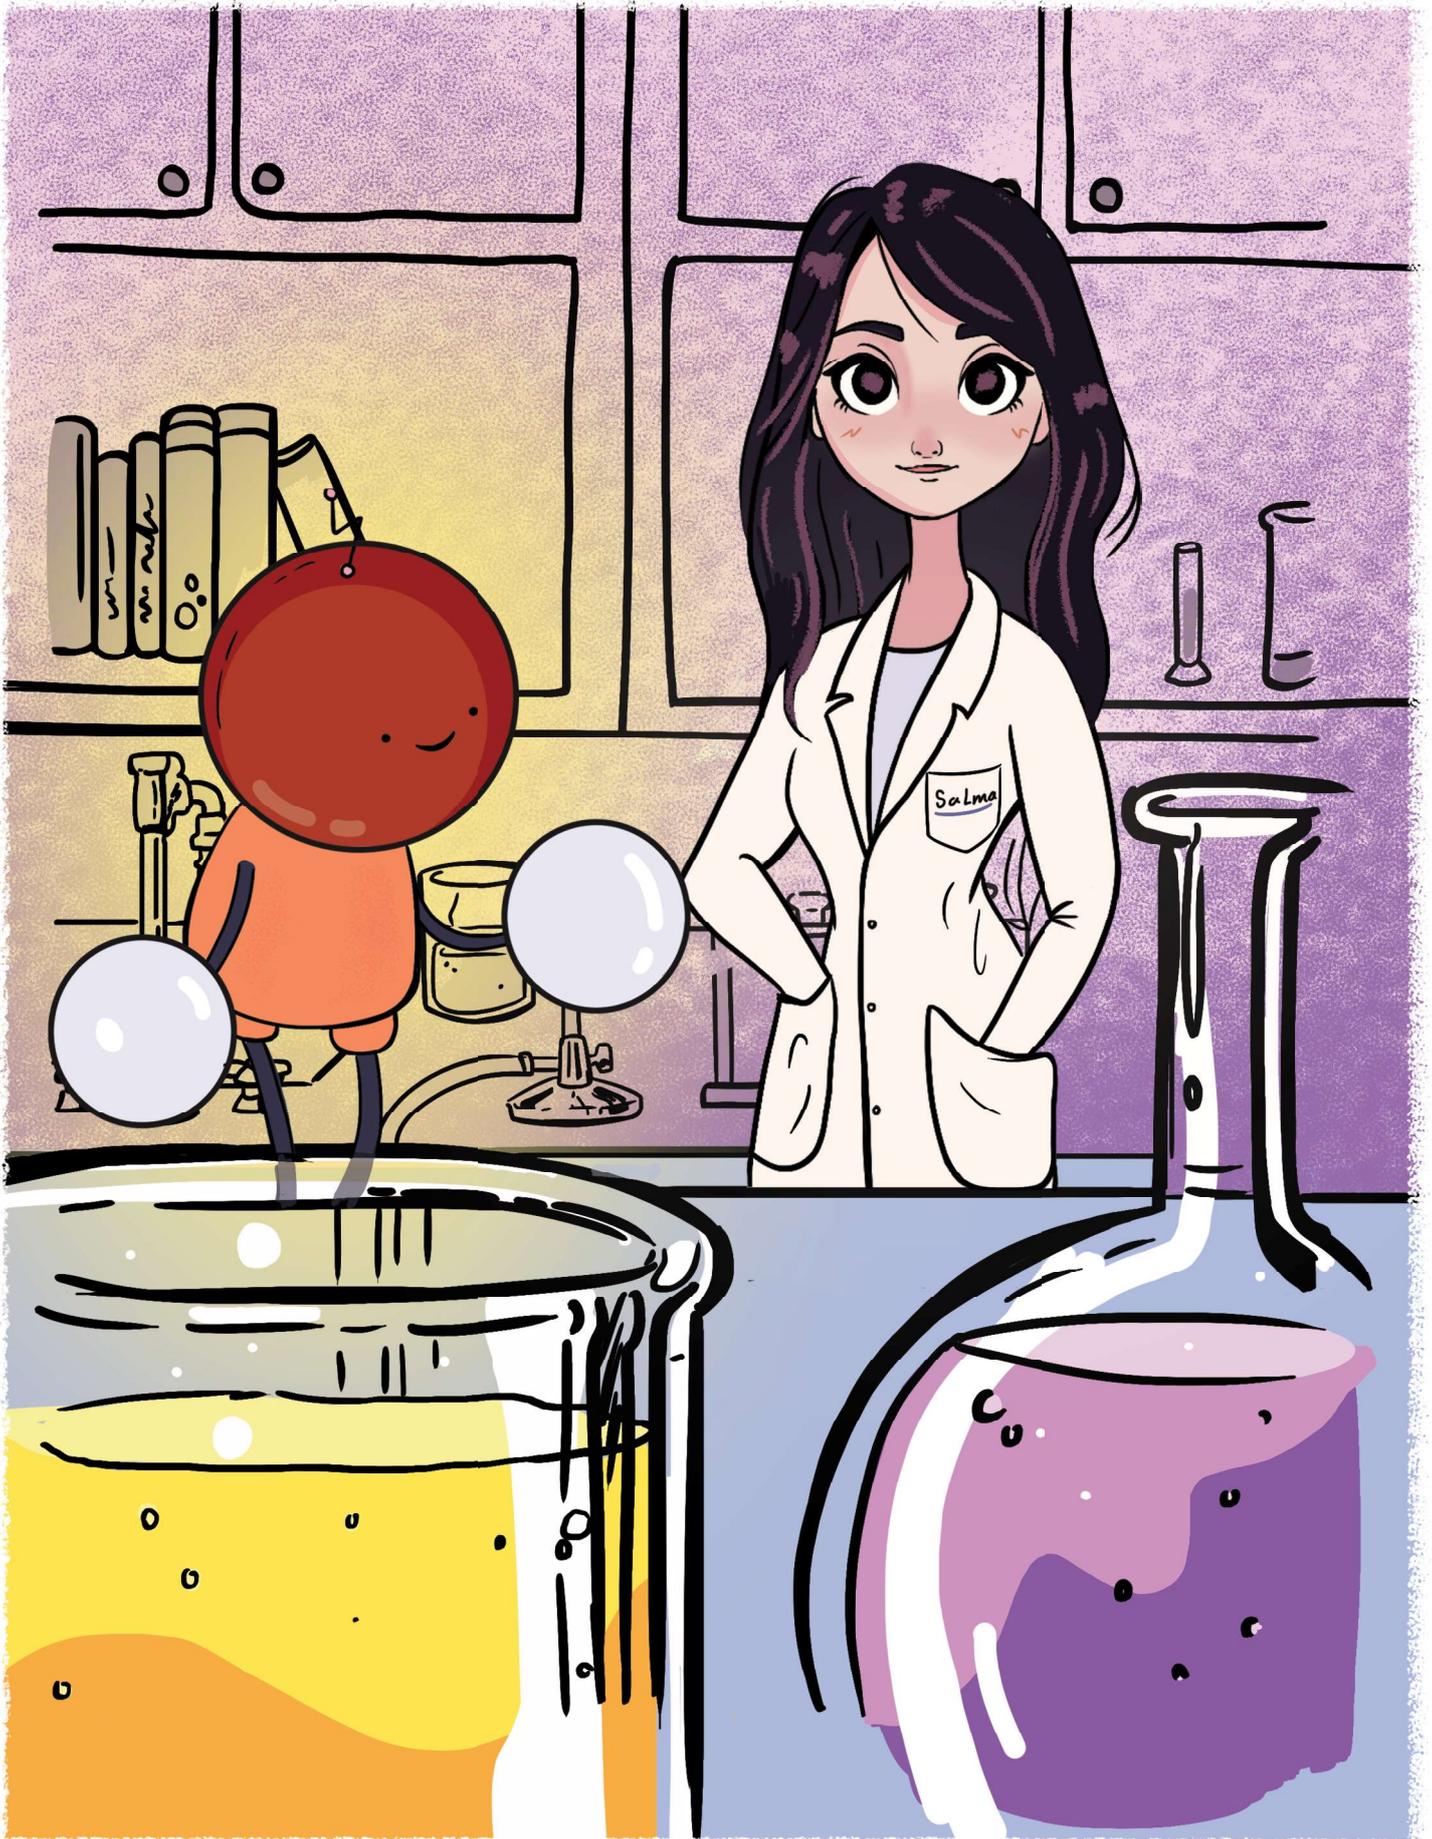

Exactly!
When Salma and I went live together, we shared you all equally!

"The day of the chemistry test finally came..."

"The end"
